

Wartime Nazi Experiments In Medicine Net Death Warrants

By THOMAS A. REEDY

Nuernberg, Germany, Aug. 20 (AP)—Adolf Hitler's personal physician and six other Germans convicted of using Nazi concentration camp inmates as guinea pigs in inhuman—and worthless—medical experiments were sentenced by an American war crimes court today to die on the gallows.

Five other men convicted yesterday on the same charges were sentenced to spend the rest of their lives in prison while four persons, including the lone woman to face the accusations, received lighter prison terms, ranging from 10 to 20 years.

The woman, Herta Oberhauser, got 20 years for her work at Ravensbrueck, where thousands of women inmates perished.

Seven doctors who faced the court during the 132-day trial were acquitted.

Hitler's doctor, Karl Brandt, an SS general and chief of the Reich's medical branch, was found guilty of conducting high altitude and freezing experiments on prisoners, as well as carrying on malaria, mustard gas and sterilization tests which brought death to countless victims.

The convicted defendants were brought in, one by one this morning to hear their fate pronounced by Judge Walter Beals of Olympia, Wash., head of the tribunal which heard the case.

Littlestown AUCTION HELD BY ROTARIANS FOR CLUB FUND

A benefit auction was held at the weekly meeting of the Rotary club last evening. Each member contributed something concerning his vocation and the articles were auctioned off to the highest bidder. Cigars brought as high as 50 cents each, and eggs \$2.50 a dozen. A sum of \$91 was realized for the Rotary fund. There was no speaker for the meeting, which was in charge of the Vocational Service committee, composed of Robert J. Kenworthy, Stanley B. Stover, Nevaeh Crouse, Charles Welkert, and Arthur E. Bair.

Next week's meeting will be in charge of the International Service committee consisting of Paul E. King, Luther W. Ritter, Roy D. Knouse, E. W. Dunbar, and Lloyd L. Staveland.

Entertain Legion Band

Mr. and Mrs. Walter F. Crouse entertained the American Legion band at their home near town on Monday evening. The musicians held their regular rehearsal, and then enjoyed swimming in the Crouse pool. Ice cream, sandwiches, cake, and lemonade were served by Mr. and Mrs. Crouse to those present.

The band will give a public concert in Littlestown on Saturday evening, near the intersection of

LIE ARGUES UN CASE IN BALKANS

By MAX HARRELSON

Lake Success, Aug. 20 (AP)—Trygve Lie, secretary-general of the United Nations, took sharp issue today with a Russian contention that the Balkan investigating commission and its subsidiary group in Greece were "liquidated" now.

In reply to reports that Russia and Poland might withdraw from both the Balkan commission and the subsidiary group, Lie told a news conference that he had no intention of disbanding these bodies unless the Security Council specifically orders such action.

Lie supported the position of the council majority, led by the United States and Britain, that both the commission and its representatives in the Balkans would continue to function indefinitely as a result of the council's failure to find a solution to the problem.

He said he agreed completely with the opinion expressed by Council President Farris El Khoury of Syria.

"The subsidiary group is there and I think it will be there as long as the Security Council wants it to stay," Lie said. "That is in conformity with the previous action of the council."

FINED \$50 EACH

Burnell H. Reese, Hanover, and George D. Reese, 21 Second street, McSherrystown, charged with disorderly conduct, were fined \$50 each in Hanover police court, Monday night. Police said the defendants were accused of bending forks and spoons and breaking a knife in a Hanover restaurant.

Girl Scouts Raised \$94 At Field Day

The Girl Scouts of Adams county cleared \$96 on the sale of food at the annual fruit growers' field day held at the Arendtsville Union park on July 30, it was announced today. The money will be turned over to the Adams County Girl Scout fund.

Members of the county board today expressed their appreciation to all leaders and Girl Scouts who helped make the sale a success.

BENEFIT DANCE BY GIRL SCOUTS

For the purpose of raising money for the Adams County Girl Scout drive and to augment the treasury of the Senior Girl Scouts of Biglerville so that funds will be available for future use, the troop is sponsoring an informal dance which will be held in the Biglerville school auditorium Friday evening at 8 o'clock.

Popular record music will be played for dancing and games are being planned for entertainment. Refreshments will be on sale in the auditorium during the evening.

Joan Enck and Betty Unger are serving as co-chairmen of committees on arrangements. The refreshments are in charge of Helen Rexroth and Carolyn Taylor while Audrey Heller, Ida Mae Walter and Dolores Kapp are seeing to the decorations. Arrangements for chaparrons are in charge of Eleanor Coulson and Margaret Yost. Janie Warren and Doris Sillik are taking care of the publicity. Serving in an advisory capacity are the scout leader, Miss Jean Thomas, and her assistant, Mrs. P. J. McGlynn.

Everyone is invited. Tickets may be purchased from any member of the troop or at the door on the evening of the dance.

Services Thursday For Dr. M. W. Croll

Interment services for Dr. Morris W. Croll, 75, a native of Gettysburg, who died Sunday at Saranac Lake, N. Y., will be held in Evergreen cemetery Thursday afternoon at 2:30 o'clock.

The Rev. Dr. H. C. Alleman, professor emeritus at the Lutheran Theological seminary, will conduct the grave-side services.

4-H CLUB MEETS

The Greenmont 4-H club met recently at the home of Ellen and Dorothy Fissel. The club has finished its sewing project and will attend the roundup at Gettysburg high school on August 26. Joyce Waybright was the visitor.

HEAT WAVE BACK

Today was scheduled to be another "scorching" with temperatures probably running into the 90s. At noon the local official thermometer showed 86 degrees. The temperature scored better than 85 Tuesday but dropped to only 72 during the night.

MORTGAGE PROTECTION

A life insurance policy that will pay off the balance of the mortgage in case of death is highly desirable for any home buyer. The premium is relatively low and most lenders encourage the idea.

Thief Gets \$40 But Overlooks \$800 Here

A thief or thieves who entered the Deluxe restaurant sometime during the early morning hours stole \$40 or \$50 from the cash register in the restaurant, but overlooked some \$800 in an open safe in the establishment.

Chief of Police Robert C. Harpster said that entrance was made by a person or persons pushing in a rear window and that nothing was disturbed other than the removal of the money from the cash register.

Stephens Svarnas, Buford avenue, proprietor of the restaurant, on discovering the removal of the money from the cash register this morning rushed immediately to the safe. He found the safe open, but the money and other contents safe inside.

GERMANY TWP. VOTES TO HAUL ALL HS PUPILS

The Germany township school board, at a late hour Tuesday night, voted to transport all high school pupils in the district to the Littlestown high school beginning September 2. The board's action makes school districts in Adams county 100 per cent now in high school transportation. The Germany board was the last to take such action.

In addition to providing for the transportation of high school pupils, the board has provided for the transportation of 17 grade school pupils from the Kingsdale area to the Mt. Vernon school to relieve the congestion in the Oak Grove school, which would have had approximately 55 pupils enrolled for the coming term. The transportation of high school pupils involves about 50.

Tuesday night's meeting was a special session, called to consider elementary and high school transportation. The action taken followed lengthy discussion.

Award Contracts

Walter D. Shoemaker, Littlestown bus contractor, was present at the meeting and was awarded the transportation contract for both the elementary and high school pupils. He will operate a 48-passenger bus.

The board decided further to operate the five one-room schools, although they have only approximately 4.65 units of pupils enumerated for the school year 1947-48. The five one-room schools will be operated with all eight grades in each, in view of the fact that Littlestown expects soon to have a junior-senior high school in operation, the board decided, until a better grading system in a centralized school can be arranged.

Teachers were elected for the school year as follows: Oak Grove, Alton C. Bowers; Ash Grove, Myrtle E. Kauffman; Mt. Vernon, Nelle L. Held; Mt. Pleasant, Miriam S. Study, and Slate Ridge, Eva P. Sentz.

The following board members attended the meeting: William J. Peeser, president; Luther S. Hess, secretary; William S. Menges, treasurer and Elmer King and Clayton Harget. County Superintendent of Schools J. Floyd Slaybaugh was present and assisted in setting up the transportation routes. Mr. Shoemaker was granted a three-year contract which was sent to Harrisburg for approval today.

Hospital Report

Admissions to the Warner hospital include Mrs. James Wright, Aspers; Simon Monforte, Plainfield, N. J., and Mrs. Max Wineberg, Gettysburg R. 3. Those discharged were Mrs. Bernard Walter, Gettysburg; Joanne McCleaf, Orttanna; Ronald Welker, Taneytown; Shirley Sparver, Littlestown; Larry, Rodney and Barry Pair, Gettysburg; Marie Beard, 415 Baltimore street; Kenneth Lionel Krom, Mrs. Guy Krom, Mrs. Jason Sanders and Linda Knox, all of Emmitsburg; Dorothy Sulcer, Taneytown; Mrs. Allen Kane, Gettysburg R. 2, and Diana Shultz, Orttanna.

BAND REHEARSAL FRIDAY

The weekly rehearsal of the Blue and Gray band has been postponed from Thursday to Friday evening this week, Clyde Spangler, band president, announced today. He urged all band members to attend to prepare for appearances by the band at Littlestown August 30 and on Labor Day. Ice cream will be served after the rehearsal.

Troop A, 104th Cavalry, Pennsylvania National Guard

This is the fourteenth of a series of brief biographical sketches of the officers and enlisted personnel of Gettysburg's Troop A, 104th Cavalry, Pennsylvania National Guard. This feature is presented - a tribute to the men who have voluntarily offered their services, in peacetime to their country through the Pennsylvania National Guard.

Corporal Myers, 24, 141 West Middle street, had one of the most unusual assignments given an Adams countyman during World War II. He spent most of his time, not with the American armies, but with the Chinese.

He was working at the furniture factory here when the army tapped him for service January 1, 1943. Fort McClelland, Ala., provided the usual training in basic work and from there he went to Camp Kilmer for shipment overseas. On June 7, 1943, he left for South Africa, where the army had him wait for transportation to India. He arrived in India August 7. There he was sent to radio school at Karachi and then was assigned to China with the 93rd Signal Service company as part of the Chinese combat command. In the course of his duties he made the flight over the "hump" to China from India, because at that time the famous Burma road was not open.

Incidentally, five flights he made in India and another from China to India sold him on flying and he now holds a private pilot's license received after instruction at the Gettysburg airport. He is working for a commercial license.

Radio Operator for Chinese

During the war he was stationed "all over China," as a member of small liaison teams operating with the Chinese. As a radio operator

New Secretary To Serve At Seminary

Miss Marie Jeansan, Davenport, Iowa, has been named office secretary at the Gettysburg Lutheran Theological seminary to succeed Mrs. C. F. Biesecker who is retiring in September after 20 years in the post.

The new secretary attended the elementary and secondary schools in Davenport and then attended the Augustana Lutheran college at Rock Island, Ill., for two years. After several years of secretarial work, she went to the Lutheran Deaconess Mother House at Baltimore for training and last May completed her work there. During the present summer she has been taking additional studies at the seminary here. She has been prominent in activities of the Lutheran Student Association of America.

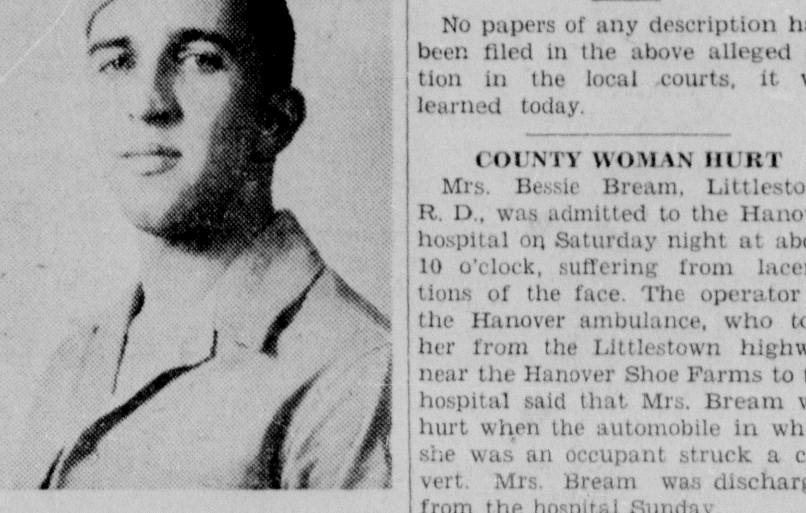

UNHURT IN CRASH

Dean W. Bollinger, Hanover, escaped uninjured Tuesday night at 11:25 o'clock when his car ran off the road west of Hanover on Route 164 and smashed into a utility pole. State police, who are continuing their investigation, said damage to the car was \$200 and to property \$75. The car turned over after striking the pole.

with the team he was on the Chinese front most of the time, moving back and forth across China with the armies to which he was assigned.

Sometimes weeks went by during which he did not see another American. He ate Chinese food, spoke Chinese and many times was without equipment other than what his Chinese friends could provide.

One result of that experience was that he was as "green" as the rawest recruit about new machines and techniques developed by the U. S. armed forces when he finally emerged from China. He never saw the new tanks, new guns, nor other weapons developed after 1943 until his tour of duty with the Chinese ended with the end of the war.

Since returning he admits having no desire for peace, which

Firemen To Move Against Owls Tonight

Gettysburg's firemen present at this evening's fire drill will find themselves in for a new type of activity, borough police and Fire Chief James A. Aumen have revealed.

With numerous residents in the East Middle street area complaining about the owls who nest in the bell tower of the fire engine house the firemen plan this evening to do something about the birds.

The firemen plan to invade the private chambers of the wise old birds in the effort to drive them away.

Just "who-o-o-o" will win will be determined later.

JUNIOR POLICE TEAMS DINED: GIVEN TROPHY

Members of the Gettysburg Junior Police baseball team and the girl's softball team were guests of the Gettysburg Lodge of Moose at a dinner at 4:30 o'clock Tuesday afternoon at the Moose home, York street. The Junior Police baseball trophy, donated by the Tri-County Lodge No. 76, Fraternal Order of Police, was presented to the boys' team.

Borough Police Officer Albert L. Wolford acted as master of ceremonies, and introduced Archie Maust, who represented the Moose and welcomed the boys and girls, and presented the trophy.

"You have proven yourselves to be ladies and gentlemen, both on the field of sport, and in your policing activities and your daily conduct, and you have proven to the community that all of you have what it takes to make a good citizen, and a credit to the city of Gettysburg," Mr. Maust said.

Pledges Support

"The officers and members of this lodge are more than proud to offer you girls and boys this small token of how much we hold you in esteem. Please keep up the good work and you will have a whole community back of you, better and bigger next year."

The trophy, 18 inches in height surmounted by a miniature replica of a baseball player with a bat over his shoulder, was presented by Mr. Maust for the FOP to Douglas Knox, captain of the Gettysburg team.

Discussing briefly the Junior Police activities of the past year, Wolford said:

"Most of you understand that this was only a beginning—an experimental year. Next year we expect will be bigger and better, and we hope to have a trophy for the girls' team as well as for the boys."

Meeting Tonight

Wolford announced that holding of meetings at police headquarters and use of the office in the Murphy building by Junior Police would be discontinued. He invited the girls and boys to hold their meetings at his home, 17 Chambersburg street between now and the opening of school, and a meeting will be held there tonight at 7 o'clock to discuss plans for the dance next week.

Among those also present at the dinner were Chief of Police Robert C. Harpster and Norris W. Jacobs, building custodian at Lincoln school, where police club meetings have been held.

A fried chicken dinner was served.

Colored Picnic To Be Held Thursday

The St. Paul's A. M. E. Zion Sunday school and Dorsey-Stanton post of the American Legion will hold their annual joint picnic in conjunction with an annual colored picnic at Williams Grove Thursday.

Buses will leave the local church at 11 a. m. and 3 p. m. Those attending are requested to take their own lunches.

Joining for the combined picnic will be colored folk from many areas including Philadelphia, Wilmington, Baltimore and Washington.

Charged By Police As Reckless Driver

Paul L. Plank, Jr., Gettysburg R. 1, has been charged before Justice of the Peace John H. Basehore by borough police with reckless driving.

Local police said Plank on Thursday, August 14, while driving a truck, hit the curb and tore out 37 feet of new curbing along College avenue. The truck then crossed the sidewalk and struck a tree, breaking it off. Police say property damage totaled \$145 and charge that Plank failed to report the accident at the time it occurred.

COUPLE IS WED

The marriage of Mary H. Powell, Richmond, Va., daughter of Mr. and Mrs. H. B. Flippen, Richmond, R. 4, and Frederick R. Berkheimer, Richmond, R. 4, son of Mrs. Clara E. Berkheimer, Abbotstown, was solemnized at Fairfield Monday by the Rev. Norman S. Wolf, according to a marriage return filed in the court house here.

THREE INJURED IN COLLISION IN EAST BERLIN

Three persons were injured, two so seriously that they were taken to the Hanover hospital for observation, when two cars collided Tuesday evening about 9:30 o'clock at the intersection in the center of East Berlin.

Damage to the two machines involved was estimated at about \$700 and state police who investigated said one driver will be charged with a motor code violation as a result of the crash.

Police said a car operated by Donald F. Rider, 19, Spring avenue, Hanover, was traveling south on Route 194 when he was struck by a machine driven by John J. Baker, 22, East Berlin R. D. Witnesses were quoted as saying that Rider had driven past the traffic light while it was red.

Baker, sole occupant of his car, was unhurt but three passengers in the Rider machine were treated by Dr. Leon Roos. They were Mrs. Mabel Rider, 53, mother of the driver, also of Hanover, who suffered contusions of the right leg; Roscoe Rider, 55, Donald's father, injuries to the right leg, concussion of the brain and lacerations of the forehead, and Mrs. Cora Houck, 62, Bedford, contusions. Roscoe Rider and Cora Houck were taken to the hospital in the Hanover ambulance.

State police said they will charge Donald Rider before Justice of the Peace C. E. Smith, East Berlin.

405 STUDENTS AT EAST BERLIN

East Berlin's junior-senior high school will have the largest enrollment in its history when the school opens September 2, Elmer M. Gruver, supervising principal, said today.

So far 405 students are registered for the grades seven through 12, as compared to 319 last year.

This year, if all who are scheduled to attend are present on the opening date the school will have 60 12th grades, 75 grade 11 students, 75 tenth graders; 85 ninth graders, 60 eighth graders and 50 seventh graders.

Last year the number in the grades were, 12th, 49; 11th, 58; tenth, 73; ninth, 75; eighth, 28 and seventh, 36.

Last year 140 students were in the first six grades at East Berlin, Gruver said. The amount expected this year is not as yet determined, he added, pending a decision by Reading township on its plans for the coming year.

News Briefs

Tokyo, Aug. 20 (AP)—The Allied Council for Japan paid its respects in a brief and solemn session today to George Acheson, Jr., Council chairman presumed dead after his plane crashed at sea as it neared Hawaii en route to the United States. Acting American Chairman William J. Sebald made the announcement at the opening of the session, referring to Acheson's tragic death. Sebald told the delegates from the United Kingdom, Russia and China that "the United States has lost one of her most able servants, the supreme commander (General MacArthur) has lost a friend and adviser upon whom he placed heavy reliance and trust."

Lahore, Pakistan, Aug. 20 (AP)—An official announcement said today that two young British army officers had been slain during communal rioting in Amritsar—the first European victims of the bloody warfare between India's religious sects which has been raging intermittently since August, 1946. The officers, whose names were withheld pending notification of relatives, were said to have been shot to death Monday night, and first reports indicated they might have been ambushed. The shootings occurred a short time before a bitter outbreak of rioting in a Moslem village near Amritsar, holy city of the Sikhs, in which 24 men and women were reported slain to death.

MARSHALL TO SPEAK TODAY

Quilinda, Brazil, Aug. 20 (AP)—Secretary of State George C. Marshall was expected to inform the Inter-American Conference today that the United States believes economic problems should be discussed at Bogota next January and not during the drafting of a hemisphere defense treaty here.

An informed North American delegation source said Marshall's eight-minute speech (at 2:30 p. m. EST) would "cover the widest range of subjects" and would include a request that the 20-nation conference spend work on the defense treaty and defer economic questions until later.

This, presumably, would include deferment of a Cuban demand that the defense treaty include a clause against "economic aggression."

Senora Eva Duarte Peron, wife of Argentina's president, was expected to be present to hear the U. S. Secretary of State, who declined an invitation to attend a grand ball in Rio de Janeiro last night in her honor.

Pursuing his "get-acquainted" policy, Marshall arranged a get-together this morning with Panama's foreign minister, Ricardo Alfaro, who heads the key conference committee on aggression.

Continue Search For Dean Atcheson

Honolulu, Aug. 20 (AP)—The navy announced today the search for some trace of Ambassador George Atcheson, Jr., would be continued several days although it has abandoned hope of finding him alive.

The Hawaiian sea frontier's announcement coincided with a promise by Brig. Gen. Frederick V. H. Kimble to "go all the way back to Tokyo" if necessary to find out the cause of the plane crash in which Atcheson and nine others perished.

The navy said the intensive phase of the search had ended, but that air and surface patrols would be maintained—probably for the rest of the week. A naval officer said about the only hope remaining is that Atcheson's body would float to the surface and be recovered.

Kimble, army air inspector, arrived by plane yesterday to investigate the crash. The converted B-17 bomber, its gas tanks empty, plunged into the sea about 100 miles west of Honolulu Saturday midnight, with 13 aboard. Three were rescued and five bodies recovered.

Rainfall Shortage Called 'Not Serious'

Harrisburg, Aug. 20 (AP)—Although rain is needed in many Pennsylvania farm areas, most crops are not showing any ill effects of recent dry weather, the state agriculture department reported.

An ample supply of sub-soil moisture has enabled the crops to withstand the drought, the department said in a federal-state weather and crop summary.

Although rainfall during the week ended yesterday was normal, the trend over the state is on the dry side, the report said adding that hot weather at the beginning of the week and cool damp weather at the close was favorable for field work and crop growth.

Commenting on the crop outlook, the department said lack of rain is slowing growth of early planted corn but later crops are forming ears.

Use Surgery On Mental Patients

Tacoma, Wash., Aug. 20 (AP)—Delicate brain operations on 13 mental patients at the Western Washington State hospital, the first such "mass" corrective surgery in the institution's history, were reported by Dr. W. N. Keller, hospital superintendent.

The operations, by a new "super-orbital" technique, were directed by Dr. Walter Freeman, professor of neurology at Georgetown University.

The state superintendent said last night Dr. Freeman directed the large scale surgery after checking 80 to 90 cases of dementia praecox and "in-collution psychosis" cases in the institution.

Dr. Keller said at least 10 of the 13 should show definite signs of improvement. He reported the operations were the first performed at the hospital by the super-orbital (above the eye) technique. Previous surgery for the hospital's mental patients had been "pre-frontal" lobotomy, which the superintendent said was more hazardous.

**PILOTS GRANDMA**  
Compton, Calif., Aug. 20 (AP)—Mrs. Dula Chesney, 70, took her first airplane ride yesterday—with her 13-year-old granddaughter, Mary Glee Chesney, as the pilot. Because the Civil Aeronautics Authority won't grant a license to pilots under 16, Mary Glee's instructor, P. H. Gallary, went along. He said the young pilot, who has flown a plane 18 hours, is qualified to solo if the CAA grants a waiver on her age.

**TWINS 12 HOURS APART**  
Charleston, W. Va., Aug. 20 (AP)—Twins born 12 hours and 43 miles apart were "getting along nicely" today at the Kanawha Valley hospital in Charleston. The hospital said a baby girl was born to Mrs. J. A. Happey at her home in Stickney, Raleigh county. A boy was born to the mother just 12 hours later in the hospital.

accusing the Communist party of "instigating revolutionary strikes" in Chile, announced last night he would ask Congress to grant him emergency powers to deal with the situation. Railroad and coal mining activities in many parts of the country were paralyzed by walkouts which followed a government order permitting increased bread prices.

**Nanking, Aug. 20 (AP)—**China today ordered the Russian-controlled port of Dairen closed "to all foreign shipping" and a spokesman said the government was studying closely frequent reports of Soviet ships from that city supplying Communist forces. Government Information Director Hollington Tong said China's Executive Yuan had decreed that any vessel—including Russian—entering or leaving the port would be operating illegally in Chinese waters.

**Detroit, Aug. 20 (AP)—**Douglas C. Brown, 16, Hatorbo, Pa., has been awarded a \$3,000 university scholarship for his miniature Napoleonic coach entry in the 1947 competition of the Fisher Body Craftsman's Guild. A second-year pupil at Upper Moreland high school, Brown was one of ten winners announced last night by Dr. George J. Fisher, honorary Guild president. The youth also received \$125 and a trip to Detroit to attend the Guild award dinner.

**Reading, Pa., Aug. 20 (AP)—**Officials of the textile machine works have rejected a mediation offer from the U. S. Conciliation Service in a dispute with the CIO-Steelworkers, a company spokesman said. The spokesman said a representative of the Conciliation Service contacted the firm's Philadelphia attorney and requested a mediation conference, adding that the attorney replied no conference was necessary because striking workers are returning to their jobs at the Wyomissing plant. The strike, blamed by union officials on the dismissal of a shop steward, is now in its second week.

**Philadelphia, Aug. 20 (AP)—**Nine tenants who appealed to the new Philadelphia housing rent commission have been given delays of eviction ranging from a month and a half to six months, the commission said.

The nine cases were heard by the commission last Friday when it began hearings armed with a new city rent control ordinance. Fifteen more eviction cases are to be heard Thursday.

DOCTOR KILLED

Harrisburg, Aug. 20 (AP)—Dr. E. A. Shupp, 76, of nearby Halifax, was killed today when his automobile was struck by a light switch engine at the Pennsylvania railroad crossing in that Dauphin county borough.

INDONESIANS EXPECT WAR

Jogjakarta, Aug. 20 (AP)—The Indonesian cabinet, frankly anticipating a full-scale resumption of hostilities with the Dutch, met in emergency session today to complete plans for removal of the Republican seat of government to Sumatra if need be.

The cabinet's first move was to designate Vice President Mohammed Hatta—who is now at the mountain stronghold of Bukittinggi in North Sumatra—as Vice Commander-in-Chief of the Indonesian armed forces, thereby enabling him to assume formal leadership of both the civil government and the army if President Soekarno is unable to function here.

Leaders of the Republican armed forces sat in on the cabinet meeting to discuss measures to meet a new Dutch push, which government officials said they believed might develop at any moment.

(Dispatches from Batavia earlier this week quoted an official Dutch spokesman as saying that Dutch officials there had urged the Hague government to approve a drive on Jogjakarta on the ground that the present situation was "untenable.")

Netherlands army headquarters in Batavia accused the Indonesians of new truce violations and reported that Dutch forces had suffered a total of 214 casualties since the official cease-fire order request by the United Nations became effective at midnight, August 4.

Inventor's Widow In Grave Condition

New York, Aug. 20 (AP)—Mrs. Mina Edison, 82, widow of inventor, Thomas A. Edison, was reported in "grave" condition today at Harkness Pavilion where she has been a patient since July 16.

Nature of her illness was not disclosed. Mrs. Edison, mother of former New Jersey Governor Charles Edison, lives at West Orange, N. J.

A spokesman for the Edison family said Mrs. Edison has been known by the name of her first husband since the death of her second husband, Edward E. Hughes, a lawyer and steel manufacturer of Franklin, Pa., who died in 1940. Hughes and Mrs. Edison were married in 1935. Edison died October 18, 1931.

Nearly Freezes In Sweltering City

Philadelphia, Aug. 20 (AP)—While this city sweltered in 87-degree heat, an ice cream truck driver was rescued after being trapped and overcome in the sub-freezing temperature of his vehicle's freezer unit.

An unidentified passerby informed Patrolman Robert Windisch that someone was pounding on the truck side. As Windisch opened the door of the ice cream compartment, the unconscious form of John Sebastian, 25, tumbled out.

After being revived at Hahnemann hospital, Sebastian said the door had swung shut behind him and that he had kicked against the truck body until overcome by the cold.

'Jim' Davis Recovers From Prostration

Columbus, O., Aug. 20 (AP)—Seventy-four-year-old James J. Davis, former U. S. Senator from Pennsylvania and director general of the Loyal Order of the Moose, was recovered today from heat prostration suffered during sessions of the order's 59th annual international convention.

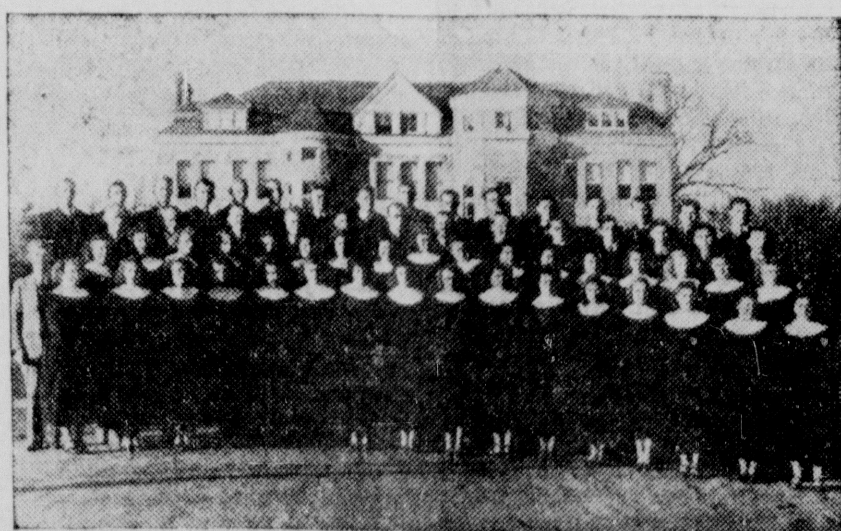

Davis did not leave his hotel yesterday but attended several committee and business meetings.

F. Roy Yoke, Parkersburg, W. Va., was elected supreme governor of the Moose, succeeding Leo W. Ryan, Bradford, Pa.

SEE MORE HEAT

Pittsburgh, Aug. 20 (AP)—The Weather Bureau told western Pennsylvanians today they could look forward to several more days of sweltering temperatures. The mercury hit 93 yesterday for the third time this month. The forecast was for thundershowers this evening with the temperature dropping only to 73 degrees overnight. No break in the torrid spell is expected before Saturday.

'Must' Projects Approved By Duff

Harrisburg, Aug. 20 (AP)—Construction projects totaling \$15,322,728 were approved by Governor James H. Duff as part of his "must" program for expanding Pennsylvania's mental hospitals.

The proposed work involves construction surveys at 12 of the 22 mental institutions in the state financed by \$82,000,000 set up by the 1947 legislature.

"Some plans are shortly ready for contract and others are being prepared," the executive said at a news conference.

The large scale construction program, includes \$4,250,000 to make what Duff described as a "real hospital" of Embreeville state hospital in Chester county.

Duff also said \$3,025,000 will be spent on Torrance state hospital, Westmoreland county; \$2,608,702 for Philadelphia state hospital at Byberry; \$1,922,000 for Woodville state hospital, and \$1,338,032 for Dixmont state hospital, both in Allegheny county; \$1,250,000 for Norristown state hospital and \$342,000 for Somerset state hospital.

Broker Laughs And Plunges To Death

Chicago, Aug. 20 (AP)—A 55-year-old insurance broker hung by his hands from a 12th floor window ledge of a loon building last night and laughed as a cleaning woman pleaded with him not to jump—a moment later his body struck a second floor setback.

The woman, Mrs. Julia Asdruska, said George Grivich, who had an office in the Insurance Exchange building, walked up and down the corridor several times, joking with her about the heat and saying "don't work too hard."

A few minutes later she said she saw him hanging from the window by his hands and yelled "don't do that." The woman said, "the man raised himself until his head was above the window. He looked right in my face, and laughed. Then he disappeared—and I heard a crash."

Police said they found a note signed by Grivich, saying "I didn't tell the truth recently to the Internal Revenue men," police added that a letter from an attorney showed that the income tax matter had been adjusted.

8 New Polio Cases Found In Delaware

Wilmington, Del., Aug. 20 (AP)—Eight new cases of poliomyelitis have brought Delaware's total for 1947 to 48—10 more than were reported last year, Dr. George Boines, president of the Wilmington Board of Health, announced.

Dr. Boines said that one of the cases reported yesterday was Edward Fleetwood, six, the third son of a Wilmington couple stricken by polio in the last few days.

Two of the eight cases were listed as critical, the board said. They are Margaret Keiher, 28, of Lynndalia, Del., and Andrew Jackson, 37, of Lewes.

DR. HAAS IS REAPPOINTED

Harrisburg, Aug. 20 (AP)—Dr. Francis B. Haas was re-appointed today as state superintendent of Public Instruction. The post pays \$12,000 annually.

Governor James H. Duff announced Dr. Haas' re-appointment for another four-year term at his news conference.

Dr. Haas on Saturday will complete his third term as head of Pennsylvania's education system.

He first was appointed to the post in 1925 by former Governor Gifford Pinchot, but left office in 1927 shortly after the inauguration of John S. Fisher as chief executive.

Re-appointed to the post in 1939 by former Governor Arthur H. James, Dr. Haas, a native of Philadelphia, has served continuously since then. He was re-appointed by former Governor Edward Martin during the latter's administration.

Rep. Gamble Gets Truce Maker Role

Washington, Aug. 20 (AP)—Rep. Gamble (R-N.Y.) assumed the role of truce maker today between warring factions of the Senate-House committee assigned to investigate the shortage and high cost of housing.

The New York Congressman found himself in the driver's seat as chairman after a bitter argument between two other aspirants for the post—Senators Tobey (R-NH) and McCarthy (R-Wis.).

While McCarthy did not get the job, he won a double victory. He nominated Gamble and clinched the assignment for the New Yorker by moving successfully to bar the use of proxy ballots for absent members. Tobey claimed he had lined up enough proxies to get the job.

McCarthy also won the number two spot on the committee—the vice chairmanship.

## FINAL INNING RALLY BRINGS WIN TO MOOSE

Taking advantage of a series of blunders on the part of the Texas Lunch nine, the Moose rallied for three runs in the last half of the seventh inning to score a 10-9 victory in the opener of a three-game semi-final series for the Community Softball championship.

The lead see-sawed throughout and each team seemingly had victory clinched before the hectic final frame.

In the opening inning the lunchmen tabbed three runs. Heintzelman was safe on a bunt but was forced at second base by Sachs. Fissel singled and Fidler tripled to produce two tallies. Fidler scored on Raffensperger's bouncer.

The Moose tallied a run in the first on a walk to Wright and a long single by Clapper. McSherry's single, a pair of errors and Baltzley's single gave the Moose two more runs in the second inning and knotted the count.

**Lead Changes**  
Successive hits by Sachs, Fissel and Fidler, combined with an error, sent the Texas Lunch outfit ahead 5-3 in the top of the third inning.

Four runs in the last of the fifth again put the Moose in front. A walk to Johnson, singles by Baltzley and Wright, an error, and Bobby Knox's hit accounted for the runs.

The Texas Lunch came right back with four runs in the top of the final inning to take a 9-7 lead. Sachs walked and Fissel doubled. Following singles by Fidler and Raffensperger, Baltzley was replaced on the mound for the Moose by Houck. An error and Haehnlen's hit seemingly sewed up the contest for the lunchmen.

After one was out in the final frame Clapper doubled, Bobby Knox singled and Bud Knox was purposely passed. Clapper and Bobby Knox scored on Baker's infield grounder which resulted in an error. Bud Knox romped home with the winning score on another miscue.

**Game Tonight**  
Tonight at 6:30 the Highway and Acme meet in the second of their series. The Highway won the opener 8-1.

## TROPICAL STORM CROSSING GULF

Miami, Fla., Aug. 20 (AP)—A tropical storm moved slowly across the Gulf of Mexico today, heading westward at about 10 miles an hour. Its intensity was expected to increase.

The U. S. Weather Bureau said at 4 a. m. (EST) today the storm, with winds of 40 to 50 miles an hour, was about 320 miles west southwest of Key West. Squalls extended outward 200 miles to the east and north of the center.

The storm had increased its westward movement from the eight miles an hour reported when it first developed yesterday, but its direction was unchanged.

The weather bureau said indications were for "continued slow westward movement with the possibility of some increase in intensity."

Scientists had predicted that if the storm developed into a hurricane and its winds caused a recirculation of waters off the Florida west coast, it might dissipate a disastrous "red tide" which has killed millions of fish.

It appeared, however, that the storm was headed for the east coast of Mexico, where a hurricane swept inland last week.

## Suspended Hurler Transfers To Erie

Oshkosh, Wis., Aug. 20 (AP)—Charles Pipher, pitcher for the Oshkosh Giants of the class D Wisconsin State Baseball league, who recently was suspended for insubordination, has had his contract assigned to the Erie, Pa., team of the class C Middle Atlantic league. Giants officials announced today.

Pipher hung up a string of 214 strikeouts before his suspension and twice this season tied the old league record of 19 strikeouts in one game before a team mate, Sam Brewer, set a new record of 20. Pipher, whose home is in Jersey City, N. J., is expected to report to the Erie team at once.

## RECORDS FALL AT VANDALIA

Vandalia, O., Aug. 20 (AP)—The greatest scoring spree the grand American trapshoot has ever experienced was due to continue today.

Records, and rain, fell all over the place yesterday as 925 shooters battled it out in the 200-target 16-yard North American clay target race—the toughest of them all to win—but a downpour upset the schedule and 550 of the marksmen were to shoot the final 100 clay today.

Forty-two of the 925 starters—38 amateurs and four professionals—broke the first 100 targets of the long grind, 96 others had scores of 99, and 113 had 98, making about 28 per cent of the big field with an average of 98 or better. Nothing like that has ever happened around the "roaring grand" before.

**Need Another Hundred**  
Six amateurs were assured of plenty more competition, four among the 110 squads to complete the match today were 17 shooters with perfect marks who needed another "century" to get into the shootoff which promises to be the longest ever staged.

The 17 still in the race were K. S. Stewart of Wichita, Kan.; Walter Ward of McKeesport, Pa.; Merle J. Henkel of Portland, Ore.; W. O. Meyerhoff and Val Preston of Spokane, ash; Herb Bush of Canton, Ill.; defending champion Walter Beaver of Conshohocken, Pa.; Fred Ford of Birmingham, Mich.; Shelley F. Keltner of Pueblo, Colo.; Charles H. Schupp of Ridgewood, N. J.; Eugene M. Wenz of Louisville, Ky.; S. W. McKibben of Rushville Ind.; Francis Ellis of Jacksonville, Fla.; Ernest Jelley of Independence, Mo.; and Kenneth S. Houck of Woodboro, Md.

**Four Who Won Davis Cup To Defend It**  
New York, Aug. 20 (AP)—The four Davis cuppers who brought back the trophy from Australia last December—Jack Kramer, Ted Schroeder, Frank Parker and Gardnar Mulloy—today were named to defend the cup against the challenge of the Australian team at Forest Hills on Labor Day week-end.

Announcement of the selections was made by Jones W. Mersereau, chairman of the U. S. Davis cup selection committee, and the names were to be handed to the captain of the Australian team at Boston today by Alrick H. Man, Jr., non-playing captain of the American team.

Each country, by Davis cup regulations, is required to name its four-man team today, but the doubles combination does not have to be announced until 24 hours before the event. The probability is that the quartet will meet in the finals at Brookline, Mass., this week and thus spare Man and the selection committee the necessity of making a decision on the doubles pair.

**Keck Will Coach**  
**Waynesburg College**  
Waynesburg, Pa., Aug. 20 (AP)—J. Stanton Keck, captain of the Princeton football team in 1920 and named to Walter Camp's All-America that year, has been named head football coach at Waynesburg college, succeeding Asa G. Wiley, who resigned to enter business in Florida.

A native of Greensburg, Pa., Keck interrupted his education to serve with a U. S. Army hospital unit in World War I. After his graduation from Princeton he became an assistant to Tiger Coach Bill Roper.

For the last eight years he has been grid coach and an army major in charge of physical education at Norwich university, Northfield, Vt., where his teams won the New England small college conference title in 1940, '41 and '42.

The Utica Sox took the Scranton Miners 5-1 last night and will meet the Wilkes-Barre Barons in the opener of a four-game series tonight.

Albany hammered out 15 hits, three of them homers, for a 9-1 victory over Elmira.

The Hartford Chiefs, meanwhile, outthrew the Williamsport Tigers, 12-11, and pulled a startling triple play, their first of the season, only to lose, 8-5, in an extra inning.

At Binghamton, the sixth-place Triplets handed third-place Wilkes-Barre a 6-3 defeat, highlighted by

## CARDS RISE TO SWAMP DODGERS BY 11-3 SCORE

By RALPH RODEN  
(AP Sports Writer)

The ability of the St. Louis Cardinals to come off the floor has highlighted their play in the past and apparently the 1947 season will be no exception.

Sent reeling six-and-one-half games back of the Brooklyn Dodgers Monday by two crushing defeats at the hands of the league leaders, the Red Birds served notice yesterday that they are still not out by coming back and slaughtering the Brooks, 11-3, at Ebbets field.

Today, Manager Eddie Dyer picked Gamespace Murry Dickson to face the Dodgers in an attempt to square their four-game series and shorten the Dodgers' margin to four-and-one-half games. Ralph Branca, a 17-game winner, was nominated by Manager Burt Shotton to oppose Dickson.

While the Cards were soaking extra-base hits all over the lot, Southpaw Al Brazie held the Dodgers at bay on eight hits until he wilted in the ninth, when the Dodgers scored their final two runs.

**Braves Close Up**  
With the limelight centered on the Cards-Dodgers, the Boston Braves continued to close quietly in on the duo. They moved to within seven games off the pace by coming from behind to nip the Pittsburgh Pirates, 7-5 in a night game at Boston. Bob Elliott, former Pirate, turned defeat into victory with a three-run homer with two out in the ninth off Al Lyons, third Pirate pitcher.

The win enabled the Braves to increase their margin over the fourth-place New York Giants to four games. The Giants bowed, 8-1 to the Cincinnati Reds in a night tussle at the Polo grounds. It was the New Yorkers' eighth straight loss.

The Chicago Cubs dropped both ends of a twin bill to the Philadelphia Phillies, 8-1 and 8-2. Ken Heintzelman and Schoolboy Rowe stopped the Cubs in that order.

The American league's front-running New York Yankees opened their final four of the west dropping a 2-1 decision to the Tigers in Detroit.

**Athletics Blanked**  
Hoot Evers broke a 1-1 tie with a home off Allie Reynolds in the sixth inning. Stub Overmire stopped the Yankees on seven hits.

The loss cut the Yankees' margin over the second-place Boston Red Sox who crushed the Browns, 9-5 in a night game at St. Louis, to 11 and one-half games.

Rapping out 31 hits, the Cleveland Indians trounced the Washington Senators, 13-2 and 9-1 in a twilight-night doubleheader at Cleveland to extend Washington's losing streak to nine games.

At Chicago, Joe Haynes halted a four-game Philadelphia winning streak by blanking the Athletics, 4-0 on nine hits. Taft Wright accounted for two of the White Sox' runs with a sixth inning four-bagger.

**Deciding Game On**

**Bonneauville Field**

Barlow and Cashtown, deadlocked in their three-game semi-final series for the championship of the South Penn Baseball league, will play the deciding game on the Bonneauville diamond Sunday afternoon at 2:30 o'clock, it was announced today.

Bonneauville and Hendersiders, deadlocked in another semi-final series, will play their rubber games at Arendtsville Sunday afternoon.

Winners of the two series will then open a three-game series for the league championship.

**NIGHT AUTO RACES**

Williams Grove, Pa., Aug. 20—Roy Richwine, owner of the famous half-mile Williams Grove Speedway, today announced that the first night automobile race ever staged on the speedway will be staged next Wednesday, night, August 27, under a lighting system now being installed at an approximate cost of \$20,000.

## Eagles Dislike Night Football

Saranac Lake, N. Y., Aug. 20 (AP)—Night football is as welcome among members of the Philadelphia Eagles squad as a bad case of butterfingers, says Earle (Greasy) Neale, coach of the National football league team.

Neale said that the players do not like football under the arc lights because they are not accustomed to the conditions, are not sure of themselves and are nervous and fearful of making misplays.

"Plays that would go for spectacular gains in the afternoon," Neale said, "sometimes turn into duds at night. Especially is this true of pass plays."

## NEW URGENCY IN BRITAIN'S CRISIS

Washington, Aug. 20 (AP)—Britain's dollar crisis took on a fresh note of urgency today with a report that the \$850,000,000 remainder of the American loan already has been committed for essential purchases.

As the Anglo-American dollar conference entered its third day, diplomatic officials said the British are ready to confront their American colleagues with these assertions:

1. The last chunk of the \$3,750,000,000 credit now is tentatively earmarked for purchases of raw materials, food and machinery before the end of October.

2. Britain may have to start dipping into her gold and dollar reserves of \$2,800,000,000 unless some means of slowing the drain of her scanty supply of dollars is found.

British delegates, headed by Sir Wilfrid Eady, are reported ready to lay these contentions before American officials to back up the London argument that at least two provisions of the loan agreement should be revised.

A detailed spending schedule showing how, when and where the loan funds have been spent will be their answer to an American request for full information before any decisions are reached.

Whether this British approach will lead to a broad discussion of Britain's over-all economic position is still uncertain in view of the ap-

## GIANTS STRONG ON LINE, NEED BACKFIELD MEN

BY CHRIS EDMONDS

Superior, Wis., Aug. 20 (AP)—The talk is the New York Giants will have the best line in professional football this year, but that's not precisely so, says head Giant Steve Owen.

"We'll have the TWO best lines in the business," he explains, "but hastens to add he doesn't mean he'll have the best club in the national league."

In fact, Owen hasn't much of anything to say about anybody's prospects. He's so busy looking for a replacement for Frank Filchock, indefinitely suspended by the national league after last year's gambling scandal at the playoff game, he hasn't time for conversation, prognostication or otherwise.

**Good Rookie Talent**

So far he has come up with some fine rookie talent, good backs like Gordon Paschka of Minnesota, best ground gainer in the American association while with the Giants' Jersey city farm last year; Jerry Niles of Iowa, who might be the answer for a long passer; Chris Iverson of Oregon, who can block with the best of them, and Gene (Choo Choo) Roberts of Chattanooga. But he doesn't have a passer who can throw anywhere near like Frankie.

Veteran backs include Frank Reagan, out most of last season with injuries; Howie Livingston, Emery Nix and Bill Paschal.

Up front the Giants aren't worrying, not even Owen. The veteran talent is two and three deep and freshmen look good in several spots.

A pair of proven pivot-men, Lou De Filippo and Chet Gladchuk, have things well in hand at center. Two more veterans, Len Younce and Bob Dobeleson, lead the guards, with topnotch newcomers in Bill Hachten of Stanford and Buck Jones of Wake Forest.

**Jim Poole Retires**  
The tackles are well fortified. Top-seeded for the posts are 258-pound Dewitt (Tex) Coulter, former Army All-American, and Jim White, Bill Schuler of Yale, passed by scouts generally because he hails from a wealthy family and no one figured he'd play pro ball virtually for the fun of it, is in a Giant uniform and counted on strongly.

Veterans Jim Lee Howell, Frank Liebel and Don McCafferty are back for more duty at the ends, but Jim Poole has retired. The Giants, though, won't be without a flanker by that name. He's Ray, a rookie and Jim's youngest brother who is fifth in a line of Pooles who prepped at the University of Mississippi.

**BATTING AVERAGES**  
Batting averages for the Elks' team in the Community Softball league are as follows:

**Has Leased Rex Garage:** John Pape, formerly of Gettysburg, now residing at Pikesville garage and service station, York street, from George Rex, owner of the property. Mr. Pape will take possession August 23 and conduct a general garage business and automobile service station. The Rex garage has recently been enlarged.

**Radios a Feature at Masonic Camp:** Two radio receiving outfits were a feature of the annual Masonic camp which closed a ten-day outing Tuesday at the junction of Rock and Marsh creeks, near Harney, Maryland. Each evening during the encampment, the campers were entertained with concerts, news bulletins and addresses picked up from the air from various sending stations in the eastern part of the United States. The radio outfits were erected by Earl Detrick, North Stratton street, one of the camping party.

The largest number of men in camp at one time was twenty-seven. The campers lived in tents during the outing.

**War Veteran Takes Bride:** A pretty wedding was solemnized in St. Mary's Lutheran church, Silver Run, Maryland, at high noon, Tuesday, when Miss Ruth Pittenturf, of Aspers, and Charles Stock, of York Springs, were married by the bride's cousin, the Rev. A. G. Wolf.

**High Tribute to Unknown Women:** Over two thousand people attended the field mass and picnic of St. Ignatius parish, in Buchanan, Valley, the Rev. W. W. Whalen pastor, on Tuesday afternoon. The field mass was celebrated at noon and Father Whalen was assisted in the service by the Rev. Father Noel of Chambersburg; Father McGee, Dallastown; Father Reardon, Mt. Alto; and Father O'Flynn, Waynesboro. The address was made by the Rev. W. W. Whalen, who took as his theme "The Twelve Greatest American Women."

**Ogden Twirls No Hit Game:** With Ogden pitching airtight ball and McKendrick batting for a perfect score, the High School proved too much for the First Ward team in their final contest in the Ward League race of 1922. The final score was 1-0 in favor of the school lads.

**Firemen Open Drive for Funds:** Although the campaign for subscriptions to the fund for the purchase of a chemical fire truck will formally open on Monday, yet each mail has brought a number of pledge cards accompanied by cards and checks to the treasurer of the committee, R. P. Funkhouser. Through the efforts of the chemical fire engine committee half of the \$4,000, which it is estimated will be needed for the purchase of a suitable piece of apparatus, has been subscribed.

**Resigns as Tailor:** A. Z. Rogers, York street, has resigned his position as tailor with the firm of Dubbs and Pitzer, Center Square, to become a salesman for a woolen mill in Hagerstown.

**Farewell Party:** A farewell party was given by Miss Margaret Peters of Biglerville Thursday evening in honor of Miss Esther Minter. Miss Minter expects to leave in a few weeks for Norfolk, Virginia, where she will make her future home.

**Congress Opens Plan for Action** (By Associated Press) Washington, Aug. 19—Republican leaders in Congress today proceeded with plans for action soon on some of the legislation asked yesterday by President Harding in his address on the coal and railroad strikes.

The President's minor proposals, it was said, will be taken up first with prospects of indefinite delay on the part of the major proposals.

President Harding during the morning called Senator Borah on the telephone and gave Mr. Borah his general approval to the Senator's bill to establish a coal investigating committee, a bill pending before the labor committee.

## Today's Talk

**LIFE—A BATTLE**  
All life is just one long battle for us all—but it shouldn't be an unhappy battle. It was the beloved Robert Louis Stevenson who once wrote that "the spice of life is battle." Yes, that is it. We would not be happy to just roll along through life with nothing to test our caliber.

We have to fight for our bread, for our home, for our business, for what recognition we may hope to gain, for our place among our fellows, and even for the love that we crave. All a fighting job, from morning to night—and from year to year.

Stevenson had a battle for health, through it all. So did Stephen Crane, Mary Webb, Katherine Mansfield and a host of other writers, whose books give to us such delight. Lafcadio Hearn wrote an amazing output of articles and books with the partial sight of but one eye. His was a battle almost from the time of birth until he died in Japan.

Every creature in nature has to fight for all that he gets. Everyone is on his own, soon after birth. Most of the great enterprises in the world have been built by men and women who had to fight inch by inch to their ultimate goal. Men take pride in referring to their humble origin, after they have reached notable heights!

Pasture had to battle for recognition. They laughed at Henry Ford with his little horseless buggy. It was a battle to get money to carry out his early aims, some of them so amazing that he had to give away stock to get people to believe in them. All of these people later, however, retired immensely wealthy.

But that's the story. How many of our newspaper publishers today were once newboys! In fact, some of our greatest public men were once newboys. Governor Dewey, of New York, among them. It's a battle all the way, if you want to be happy and successful. And it ought to be a happy battle all the way, too. And the winnings should be judged according to character and character alone.

If a thing isn't worth fighting for, it isn't worth having at all! So, battle it out—no matter what the issue at hand!

Tomorrow Mr. Adams will talk on the subject: "Confidence."

## Just Folks

The Poet of the People  
By EDGAR A. GUEST

**BRAVE WAY**  
Behind his weather-beaten face  
He seemed to hide his care,  
As if he had a secret place  
Within himself, somewhere—  
A little nook that none could find  
With prying eyes to go,  
So deep that what disturbed his mind  
His loved ones couldn't know.

He left the burdens of the day  
In hiding to remain.  
"Tomorrow's soon enough," he'd say,  
"To take them up again.  
With joy I'll sit me down to dine;  
The busy day is done;  
And never shall a sigh of mine  
Spoil anybody's fun."

Oh, happier the world would be  
If all our cares could hide  
So deeply loved ones couldn't see  
When we are trouble tried.  
If hidden where they cannot show  
We kept our worries small,  
With fewer frowns the day would go  
And fewer tears would fall.

## THREE YANKEES HELD BY REDS IN NORTH KOREA

Seoul, Aug. 20 (AP)—Three U. S. Army enlisted men have been held by the Russians in northern Korea since Aug. 12 despite official American protests. Army intelligence officers disclosed today.

They said the Russians have refused an explanation and have ignored two protests from Lt. Gen. John R. Hodge, U. S. commander in South Korea, demanding their release.

The Army identified the three as T/5 Tommy F. Pugsley, Renton, Wash.; PFC John D. Hoppe, Seattle, Wash.; and PFC Gerald K. Gefen, Port Chester, N. Y.

**On Inspection Detail**  
Intelligence officers said the trio went to the Russian-occupied town of Yohyon-ni to inspect telephone lines connecting American headquarters here with Russian headquarters at Piongyang.

Late in the afternoon of Aug. 12, Korean police notified American headquarters at Kaesong that the Russians had taken the three into custody and wanted one U. S. officer and an interpreter to come to Yohyon-ni, 10 miles north of Kaesong, to pick them up.

(Kaesong is about 40 miles northwest of Seoul.)

**Ignored Letters**  
Intelligence sources said when the officer and interpreter arrived, the Russian officer at Yohyon-ni told them Soviet headquarters had ordered the three held for investigation.

In a letter telephoned to Russian headquarters on Aug. 13, Hodge asked Lt. Gen. C. P. Korotkov, Soviet commander in northern Korea, to return the three, intelligence officers related.

This letter was ignored as was another message five days later in which Hodge expressed "grave concern" over the incident and added: "I strongly object to the prolonged detention of the three American soldiers, who crossed the parallel (the 38th, boundary line between the zones) in daylight and in uniform."

## SAYS ATTLEE GOING TO QUIT

London, Aug. 20 (AP)—Because of "deteriorating" health and "nervous exhaustion," the Independent Conservative Daily Mail said this morning, Prime Minister Attlee intends to resign his post as soon as the British-American loan revision talks in Washington have passed their most critical stage.

The Mail's front-page story, the first flat report published in Britain that the Labor Party leader might quit, declared that "it was said in usually well-informed circles" that Attlee would nominate foreign secretary Ernest Bevin as his successor.

Neither the Prime Minister's office nor Labor Party headquarters would comment on the report. Attlee was in Wales, vacationing, and a spokesman at No. 10 Downing street, his official residence, said he was expected back in about a week.

Asked about the Daily Mail report, the spokesman replied: "I'm afraid there's no comment at all in regards to that."

Labor Party headquarters said only: "That has been going on for some time."

This apparently referred to recurring reports, hitherto unpublished, that Attlee intended to quit. Last week the party's official spokesman issued a flat denial that the Prime Minister's resignation impended.

## REDS SAY U.S. BY-PASSED UN

By LARRY HAUCK

Lake Success, Aug. 20 (AP)—Russia demanded Tues. that the Security Council set up a commission to investigate and arbitrate the Dutch-Indonesian conflict and sharply attacked the United States for a "dangerous" attempt to "by-pass the United Nations."

Soviet Deputy Foreign Minister Andrei A. Gromyko, stated the Russian position for the first time in an emergency Council meeting summoned at his specific request.

He charged that the United States was attempting to "force its good offices on Indonesia" and was "showing disregard of the Indonesian people and lack of respect for the Security Council."

"This persistent offering of good offices by the United States becomes even more difficult to understand after the Indonesian government had asked the Council to create its own commission for arbitration and investigation," Gromyko declared.

He said the American attempts could be viewed only "as an attempt to by-pass the United Nations" and that this was both "undesirable and dangerous."

Previously Gromyko had said the United States was putting "diplomatic pressure" on the Indonesians.

Canada's population increased from 3,215 in the first census taken in 1666 to 11,506,655 in the 1941 census.

## Midget Car Drove 2,000 Mi. On 29 Gal.

Pottstown, Pa., Aug. 20 (AP)—Mr. and Mrs. Lester L. Logue were resting today from their 2,000 mile ride in a low slung one-cylinder midget car.

The couple and their dog, Scovoter, left their home in Wellington, Kas., last Saturday. Logue said the car, powered by a nine horsepower engine, used 29 gallons of gasoline for the trip.

"We had to pay full toll on the Pennsylvania turnpike but got away with half fare on one toll bridge," Logue said.

## MARTIN IS NOT A CANDIDATE

Fall River, Mass., Aug. 20 (AP)—Speaker Joseph Martin (R-Mass.) said today he neither is, nor expects to become, a candidate for the 1948 Republican Presidential or Vice Presidential nomination.

And Fall River, giving the man who now is next in line for the Presidency a "day" of his own, went to such lengths to make the whole thing non-partisan that it was a little embarrassing to Louis Conos.

Conos, a long-time friend of Martin who runs an eating place fronting on city hall, ordered a lighted sign welcoming the House speaker to his adopted city as "our next President."

But Conos, who went off to Arizona and left the matter in the hands of Nephew Steve Conos, reckoned without the determination of the sponsoring committee. This group includes several Democrats, all determined to keep the occasion just as bipartisan as the nation's foreign policy is reputed to be.

So the Conos marquee displayed only the words "Welcome Joe Martin" with a conspicuously vacant area just wide enough for "our next President."

## Await Approval Of Murray Contract

Detroit, Aug. 20 (AP)—A contract by-passing the right to court action for 7,000 CIO United Auto Workers of the Murray Corporation of America awaited today an official stamp of approval.

Company and union hailed the agreement, ending a strike that has reached 30 days, as "fair to both parties" and "completely satisfactory."

The company, in agreeing to give up its prerogative of court action for breach of contract, obtained from the union a clause placing restrictions on its members' rights to strike. Slowdown and sitdown strikes were outlawed.

Corporation officials said regular production schedules would be resumed Thursday. Maintenance workers were asked to report this afternoon. The strike, which began July 21, sharply curtailed production in Ford Motor plants and idled 10,000 workers in Studebaker Corp. plants dependent on Murray for body components.

## Money Spread Out On Street Is Lost

Detroit, Aug. 20 (AP)—A downtown sidewalk is not the best place to spread out \$1,600, William Greenwood, 63, and Charles Briscoe, 57, agreed today.

The two old friends, meeting yesterday soon after Greenwood had received \$1,000 disability compensation from a Detroit firm, counted the cash out on the pavement and added \$600 of Greenwood's savings.

While they were admiring the money a passerby took one look, scooped up the bills and fled. Briscoe chased him through a maze of downtown streets, but finally had to give up.

Forests cover roughly one-third the area of the United States.

## Helpful Tips For Home Builders

### SITE IMPORTANT IN MAINTAINING VALUE OF HOUSE

Although design and construction rank high in evaluating a property, the location of the house in the community is of equal or even greater importance, it is declared by mortgage-lenders and real estate brokers.

A house of fair and sometimes of even poor construction built on a well-located plot usually maintains its original value and often can be sold for more than the price paid for it. A house of the very best construction and design in an undesirable area or one that is deteriorating quickly loses its value.

There are many matters to explore, topography, transportation, quality of schools, subordination of property to zoning and restrictive regulations, taxes, assessments and tax trends.

**Schools Important**  
Parents want good schools and even if a buyer has no children this factor should be taken into consideration because of the resale value of the property. Often the house may be within a very short distance of a school—but not in that school district. There are instances where failure to investigate has resulted in paying tuition at a chosen school. The house may be in a subdivision school district, but in a section of the sub-division not served by that school.

A plot next to a vacant corner is sometimes in a risk zone, lenders say. If buying or building on such a plot, the purchaser should be sure that building regulations require the house to be built on the corner face the same street as the buyer's house; otherwise the corner garage and back yard may confront one's living room.

A residential plot which adjoins vacant property zoned for business likewise is hazardous and the buyer should look carefully into zoning rules, experts point out.

It is important, when considering a new house in an area just being developed, for the prospective buyer to visit the department of public works controlling the area and learn what, if any, expected improvements are contemplated and the estimated assessments this will entail on the property. This includes sewers, paving and the like. Do not depend on any oral statement from the seller regarding assessments.

**Exposure to Sun**

In regarding the location of the house on the site, architects point out these factors: A western exposure (meaning the front of the house facing west) will keep the sun out of the kitchen in the afternoon if the kitchen is in the rear. An eastern exposure will bring the morning sun into the front bedroom. Northern and southern exposures affect the house in that one or the other may provide more warmth in winter or more coolness in summer. It is generally accepted that if a house has a southern exposure in the northern part of the United States it will have the best solar position.

Nearly every person in a given city has heard that a certain section is the very best place in which to live—to which is often added, "but it costs too much." The best way to find out is to visit stores in the shopping area and compare prices with other sections. The price of property will be found to be higher in these more desirable sections, but usually there are many neighborhood benefits such as schools, recreational and transportation facilities that will protect the investment.

An estimated 7,974,000 families are served by rural free delivery.

## 'Potato' Queen To Be Named Wednesday

Coudersport, Pa., Aug. 20 (AP)—Pennsylvania's 1947 "Potato Blossom Queen" will be selected and crowned here tomorrow at the end of the annual two-day field meet of the Pennsylvania Cooperative Potato Growers' association.

Miss Nina Hershner, of Cross Roads, York county, the 1946 queen, will preside at the coronation ceremonies after the judges select the new queen from between 12 and 15 candidates for the title, all of whom are under 22 years of age and daughters of a potato grower association member.

The field event opened with demonstration of machines used in potato production while selection of a state champion potato picker will precede the crowning of the potato blossom queen tomorrow.

## Clock On City Hall Tower Loses Face

Philadelphia, Aug. 20 (AP)—The big clock atop City Hall tower—long a fixture in the Philadelphia commuters' world—is losing face. The hands of the huge timepiece were still for 20 minutes Monday by a mechanism failure, creating a flurry of excitement in downtown offices when workers sauntered in late.

Yesterday commuters were thrown off schedule again when the big clock's hands were halted temporarily while workmen finished repairs.

**Pence Springs, W. Va., Aug. 20 (AP)**—There is one exception to the all-female occupancy of the new state reformatory for women here, but he is too young to appreciate it, superintendent Grace Lockard reported today. The two-month-old son of an inmate is being kept at the institution. Superintendent Lockard said "He will sleep in the mother's room, and her first duty will be to care for the tot."

## LAWYERS' FISTS FLY AT HEARING

Los Angeles, Aug. 20 (AP)—Two gray-haired and bespectacled lawyers—one the counsel for a congressional committee and the other an attorney for the American Federation of Labor—engaged in a brief and spirited fist fight in a federal hearing room yesterday.

The fracas disrupted a hearing on the Hollywood film labor situation being conducted by Rep. Carroll D. Kearns (R-Pa.), chairman of a sub-committee of the House committee on education and labor.

The participants were committee counsel Irving McCann, 60, and Joseph A. Padway, general counsel for the AFL.

Padway started to offer an objection as a witness was testifying. McCann turned to him and said: "Don't interrupt this hearing."

"Sit down, you don't frighten me," retorted Padway.

There were more words and Padway said:

"I do not like McCann's gestapo tactics."

With this the fight was on. Film actor Ronald Reagan, a witness, and others pulled them apart and later Padway said his glasses had been broken in the tussle. All the while Rep. Kearns was violently rapping for order.

## BUYER SHOULD WATCH BUDGET IN BUYING HOME

The question of how much a family can afford to spend for a home and details of its financing depends entirely on the amount and source of fixed income.

A rule-of-thumb that has long been practiced by mortgage-lenders is that a home should not cost more than two-and-a-half times the annual income, and that payments on interest, principal, taxes and insurance should not exceed one-fourth the income.

On this basis, a family with a \$3,000 income could afford a home costing \$7,500, provided monthly payments do not exceed \$50 or 33 1/3 per cent of the purchase price. In the case of a one-third down payment, the mortgage on a \$7,500 property would amount to \$5,000. In case one-fifth was paid down, the mortgage would be \$6,000.

**Taxes Must Be Added**  
Monthly payments on principal and interest at five per cent for 20 years amount to \$6.60 per \$1,000 of the mortgage; in these cases, \$33 a month on the \$5,000 mortgage and \$39.60 for the \$6,000 lien.

However, in either case must be added taxes which total approximately \$15 a month more \$48 monthly for the \$5,000 mortgage or \$54.60 for the \$6,000 one. In a majority of cases, the lender requires these items to be included with the regular payments on principal and interest. The lender then pays the taxes, insurance premiums and water bill so he knows there are no arrears piling up.

To fully cover the family budget for shelter, the cost of heating the home must be added, together with upkeep and redecoration. These items in a \$7,500 house will total about \$250 a year, bringing the total outlay for shelter to \$70 or \$75 a month.

**Watch Monthly Costs**  
Therefore, it is of first importance that the home buyer watch every possible factor that will help him reduce his monthly costs.

In this connection, it is axiomatic that the better built house costs considerably less to maintain. For example, an adequately insulated structure requires less fuel and less frequent decoration. Tests conducted by the University of Illinois have shown that a well-insulated home equipped with storm sash can be heated with 48 per cent less fuel than one not so protected. On the basis of a \$120 annual fuel bill, this would amount to a saving of \$58 or more than one monthly payment to the mortgage-lender in the cases cited here.

## A HOME TO LIVE IN

Design B-21 features more closet and storage space than is usually found in a small home. In addition to large wardrobes in the bedrooms, there are coat closets at each entrance, a large linen closet and a storage closet in the hall. The storage closet is three feet deep making it possible to store large items, such as a sewing machine.

The kitchen has a broom closet arranged with shelves for storage of household supplies. Beside the broom closet is a built-in chest of drawers for linen, silverware and dishes. The kitchen is separated from the dining area by a cupboard and rounded counter.

There is a full basement. The exterior of the house is of siding or shingles with an asphalt shingle roof. The overall dimensions are 34' by 34'.

## Now Is Time To Make House Repairs

This is the season of the year when a few hours spent looking over the house and making minor repairs may save many dollars later on.

For example, the furnace and chimney should be thoroughly cleaned and the entire heating system inspected by an expert. Masonry may have developed cracks during the winter. These should be fixed at once. The same is true of flashings around chimneys and windows.

Inspect cellar floors and walls closely for leaks or cracks and have a licensed electrician examine outside connections which might have been loosened by winter storms. Be sure that screens are in first-class condition before putting them up. And don't forget to paint wherever needed.

## Windows Can Add To Cost Of House

Dormer windows and bay windows add many dollars to the cost of a house and serve no particularly good purpose.

Plain roofs with simple lines generally give a more pleasing effect. Purpose of installing dormers is to bring light to the second story, but they generally cost more than running the wall up a little higher and installing ordinary windows just

below the roof line.

The same is true of bay windows. If you feel you must have a bay, end it at floor level instead of continuing it on to the ground. This will save money and the effect is just the same.

COLLEGES TO HAVE BIGGEST ENROLLMENTS

By JERRY KORN  
Washington, Aug. 20 (AP)—More than 2,400,000 students—about 63 per cent of them veterans—will start classes at American colleges and universities in the next few weeks. This is a new record.

The outlay for their education will be greater than ever before, and in many cases they will get less for their money than pre-war students. Even so, they promise to be the best-trained graduates the colleges have ever turned out. This is because they are, on the average, better students than the colleges have ever had.

We are in the midst of one of the greatest periods of change in the history of American education. 30% More Beginners That atmosphere of change goes the way down to the first grade, which will have 30 per cent more pupils this year than in 1946—and a severe shortage of teachers.

But the biggest changes are taking place in the colleges. New ideas, new methods, are being tried out. Other changes spring directly out of the war, which:

- 1. Has given the colleges more students than they had ever had before—often more than they could take.
- 2. Has made it harder to provide as good an education for these students as had been offered before 1941.

Many Vets Go To School Take the first of those two changes. The G. I. bill made it possible for millions of veterans to attend college with most of their expenses paid.

Officials say that about 6,000,000 veterans, almost half of all veterans, have applied for education under the G. I. bill. More than half of these applicants already have started some sort of education or training. And about 50 per cent of that figure—or 1,500,000—are attending college.

Here is why students are better than they used to be: With more applications than ever before, the colleges have picked their students carefully. They have also made it harder to get passing grades. That has eliminated the poorer students.

But the same things which resulted in more and better students make it harder for the colleges to provide as good an education as they offered before the war. A shortage of money has hampered the colleges. Although colleges charge between 20 and 50 per cent more for an education now, private funds have fallen off and government funds have not kept up with rising costs.

College Dilemma That has kept teachers' salaries low and unattractive. So the colleges have had too many students and not enough teachers, with these results:

- 1. Classes average almost twice as large as before the war.
- 2. Colleges have been forced to hire less capable instructors.
- 3. Laboratories, libraries, dormitories and other buildings are badly over-crowded.

The colleges are trying to improve all these conditions, but it probably will be at least three to five years before the situation is much better.

Calls For Alaska Fortifications

Washington, Aug. 20 (AP)—Calling Alaska America's potential first line of defense in the event of another war, Rep. Howell (R-Ill.), called today for its "intense" fortification.

The head of a Congressional mission which surveyed aviation facilities in the northern territory, Howell noted to reporters that Alaska lies along the nearest route between Russia and the United States, adding:

"We should do everything to develop our military installations there. This is not a scare statement. I am not an alarmist. But this is a sober statement in the light of world conditions. Alaska now is a strategic location."

EXECT STEEL PRICE SYSTEM TO STAND UP

New York, Aug. 20 (AP)—The steel industry's system of multiple basing points for establishing prices of steel products is expected to survive the current attack by the federal trade commission, the Iron Age, National metal working paper, said today.

Describing the system as "the bulwark of steel marketing," the publication cited three reasons for belief it will be continued:

- (1) No one has conclusively proved that there is a better distribution method from the steel consumer's viewpoint, though it is not at its best when steel demand is abnormal;
- (2) The FOB mill basis which PAC would substitute would seriously dislocate steel buying by favoring fabrications located near the steelmaking centers; and
- (3) In a cement case, a federal court upheld the multiple basing point method of selling cement.

The Iron Age pointed out the multiple basing point system had been used in steel selling since 1924. Through expressing belief this system "will probably emerge bloody but unbowled." The paper added that "some observers believe arbitrary basing points and 'phantom freight' (charges for theoretical, though unused, haulage) may not withstand the FTC attack."

Scrap prices declined for the second week, continuing the reversal of recent trends, the Iron Age heavy melting steel scrap composite dropping \$2.50 a ton to a figure of \$37.92 a gross ton.

Taprooms To Ask Age Of Customers

Harrisburg, Aug. 20 (AP)—Persons with that youthful look would be well advised to carry their voters' registration cards with them starting September 1 if they plan to visit state liquor stores or taprooms in Pennsylvania.

A new law enacted by the 1947 Legislature and effective next month authorizes bartenders and liquor store clerks to demand to see the registration cards of would-be patrons they suspect of being less than 21 years.

The new statute, backed by Pennsylvania retail liquor dealers, also requires liquor store personnel or licensees to require a patron about whom there is a question as to age to sign a card declaring his age and his knowledge of penalties—up to \$100 fine or 30 days in jail—for false statements.

York Schools Lack Bus Transportation

York, Pa., Aug. 20 (AP)—Six York county school districts—several only a week away from the opening date—found themselves today without bus transportation for their pupils.

Harvey E. Swartz, county superintendent of schools, announced last night receipt of a letter from the Adams Transit Company, Inc., who had formerly contracted to haul the students, saying that it will be unable to transport them this coming term.

Swartz said the bus company gave "financial difficulties" as its reason for discontinuing the service which will affect more than 600 students.

EXPECT REDS TO QUIT BALKAN BORDER GROUP

Lake Success, Aug. 20 (AP)—Russia was expected today to withdraw her representative on the United Nations Balkan border watch commission after killing American-supported measures aimed at bringing peace to the Balkans.

A majority of delegates expressed belief that this would be Russia's next move in renouncing the Security Council's authority to intercede in the dispute between Greece and Yugoslavia, Bulgaria and Albania.

Running Russia's string of vetoes to 16, Soviet Deputy Foreign Minister Andrei A. Gromyko twice used the big power veto yesterday to kill attempts at solving the Balkan problem.

Paralyzed By Veto His action brought a statement from Council President Faris El Khoury of Syria that the 11-nation body had failed and must report to the General Assembly when it meets in New York September 16 that the veto had paralyzed the Council.

British and American delegates meanwhile considered the possibility of taking the Balkan plan directly to the General Assembly.

It seemed almost certain on the basis of Russia's use of the veto that the Balkan problem would be aired

Divorcee, 42, To Wed 17-Year-Old Cousin

Pittsburgh, Aug. 20 (AP)—Mrs. Alice B. Thompson, 42-year-old divorcee, will wed her 17-year-old cousin, George Mikszan, here tomorrow.

completely in the Assembly and that every attempt would be made by the British and Americans to find some means there of handling the case.

See "Collective Action"

But if the Assembly should fail to take action, then Britain and the United States might be prepared to move under a "collective action" clause of the United Nations charter.

Under the charter states can join together for collective action in defense of one or more of those countries concerned.

With the Council now stalemated on the Balkan issue, the 11-nation body moved on today to resume discussion of Egypt's demand that Britain withdraw her troops from Egypt and the Sudan.

The Council was scheduled to meet today at 3 p. m. (EDT) to take up the Egyptian case.

George, an apprentice pressman, had to obtain the consent of his father, Andrew Mikszan, because he is under age.

Mrs. Thompson, a sausage factory worker, met George when she went to live with his grandparents. Mr. and Mrs. Norman Bollard, while awaiting her divorce, the Bollards raised young Mikszan from infancy.

The bride-to-be was divorced last June 9 from Frank Thompson after testifying the last six years of her 14-year marriage had been one beating after another.

"I wish them a lot of luck," said grandma Bollard. "George has been our son—we raised him. And Alice is a nice girl. Very thrifty, too."

## TROUBLE SHOOTER

BY CAMERON DOCKERY

Chapter 18

It was Saturday again, almost a week since the fire. Except for Doug's near brush with death, the continuing logging operations had been uneventful.

However, the tree-topping incident had had its effect on the men. The other accidents had all been fairly minor, possibly avoidable if preliminary inspections had been made. Even the fire could have been caught in its early stages if old Axel Lindstrom had completed his rounds a little later.

But Doug's close escape from a hundred-foot fall had been deliberately planned. Only Norway's quick thinking had saved him. It had been attempted murder and there was no backing the truth. Superstition had succumbed to genuine fear. Several of the married loggers had already checked out, their wives' protests against working for Larson's backing up their own unadmitted apprehension.

Even Hardin had appeared visibly shaken. Yet, Doug reflected, it could have been a very good act. The more he thought of the log jacking boss the more it seemed possible that Hardin could have been responsible for the "Larson luck." They had only Hardin's word for it that he had been in town the night of the fire and there had been countless opportunities for him to arrange the other "incidents."

Saturday afternoon as usual the men were planning to leave camp. Hardin said he was going to walk down to the Inlet and Doug piled into the truck with the others. But when the truck had almost reached Larson's he said he had forgotten something and had the driver let him off. By the loggers' sly grins he knew they all thought he was going to see Elsa.

He waited until the truck had disappeared down the skidroad then began walking back toward camp, hugging the tree trunks and the underbrush along the road side. When he came near the bunkhouse he stationed himself behind a clumpy growth of rhododendrons and watched the open doorway. Hardin was still inside. Doug could hear him whistling a mournful dirge then cursing as he had difficulty pulling on his boots.

Seconds later Hardin emerged and began climbing the trail to the dam. Doug allowed a good safe distance between himself and Hardin before he began to follow. When he did, he slunk along in the deep green shade of the evergreens, scraping against the thick leathery leaves of salal and rhododendron and melting into them whenever Hardin paused to catch his breath or wipe the perspiration from his forehead.

But the boss logger never looked back. He kept up a relentless steady pace that left Doug panting.

There was no doubt in Doug's mind now that Hardin was heading for the dam, probably to keep a rendezvous with someone from the White Rapids outfit. Each uphill step convinced him that Hardin was going to make a report and possibly collect payment for his dirty work.

They went through the logging clearing and Hardin began walking across the narrow ridge of the dam. When he was half way over a voice hailed from the opposite shore and Doug saw a man who had been fishing at the far end of the lake begin walking toward the small shack situated where the dam joined White

Rapids property.

Cady! Doug was sure of it and swore softly to himself.

If Hardin and the lumber man were going to meet there, there was no way he could get across to them without being seen. And he had to listen in!

He began to back-track to the clearing where during the past week they had begun rolling logs down to the river. The previous day a big Douglas fir had bounced instead of rolling clear and stuck at an angle almost spanning the river. The first work on Monday would be to dislodge it with peavees before sending any more logs down. In this narrow canyon a jam would be fatal and hold up operations for weeks.

When Hardin reached the end of the catwalk and vanished, Doug began his own slippery journey. The log was wet and he wasn't wearing calked boots. Below the log the river swirled and boiled; he was almost enveloped in a cloud of mist from the spillway. It helped conceal him but it made his own footing treacherous. When he stepped off the log near the opposite bank he sank up to his knees in icy water. Cursing, he scrambled up the hillside to the shelter of the heavy undergrowth.

Hardin and Cady hadn't quite met, the fisherman had been well down the lake. Doug sneaked through the firs, huckleberry and wild blackberry vines tearing at his legs as he counted on the spillway's roar to mute his progress to the two men.

"Hardin! I was wondering when you'd show up."

The boss logger's tone was metallic. "Thought I'd find you here."

"You will—any Saturday." Cady cursed, "I've fished this blasted lake exactly one hundred times and the most I've got was a few miserable bass, yet the place is swarming with them, big black-bellied ones too."

"Guess your luck runs in deeper waters, Cady."

"What do you mean?" Cady's small blue eyes glinted craftily.

"Need I explain? I mean the 'Larson Luck'."

Cady stared at him stolidly. "You'll never be anything but a logger, Hardin. You can't outgrow their manners. But I don't get this—it was my understanding that you turned down my proposition."

"I did and you damn well know it!"

"Then who is responsible for these accidents that are hitting the Larson's?"

"That's what I came up here to ask you!"

The two men eyed each other, suspicion and doubt contorting their faces.
